Agustín Melgar 152, 20 de
Noviembre

Student at the University of Guadalajara in Information Technologies, delighted by web development and mobile applications. During my time at the university, I have participated in various projects that have allowed me to perfect my skills in languages such as Java, C++, MySQL, and Python. Additionally, I always seek to stay up to date with the latest trends in the sector, attending conferences and taking online courses.

EDUCATION

2024–2027 (Expected)

CUCEA

Information Technology Degree

2019-2022
